

July 2014

Woody did a brilliant job of tidying up the side of our house in Wychbold. My husband had seen his work before and he came highly recommended. He and the lads took 2 weeks to do our work and work for our next door neighbour and we are both thrilled. He cleared to the side of our house which was old grass and dirt, a real mess. Then did the base before laying decking to the side and around to the conservatory, he also did the fencing, gave us a lovely water feature and put in a back gate for us. The end result is first class and we'll be having Woody back next year for more work.
